UNIVERSITY LOCATOR MAP

NEW ZEALAND EXCELLENCE AWARDS 2016

New Zealand Excellence Awards (NZEA) is a unique initiative to encourage ambitious and capable Indian students to study at world-class universities in New Zealand.

New Zealand universities are among the best in the world – all are within the top 3 percent of universities worldwide.

New Zealand education promotes the spirit of invention, innovation and collaboration. Students are encouraged to think for themselves. Inquisitiveness, curiosity and independent thinking are rewarded.

NZEA features 35 scholarships of NZD 5,000 across all eight universities, offering an opportunity for Indian students to experience New Zealand excellence in the fields of business, fashion and STEM related programmes.

This directory gives information on scholarships, eligibility and application details from all eight participating New Zealand universities:

- Auckland University of Technology
- Lincoln University
- Massey University
- University of Auckland
- University of Canterbury
- University of Otago
- University of Waikato
- Victoria University of Wellington.

Scholarship applications should include:

- Offer letter from the New Zealand university
- Covering application letter
- Completed scholarship application form

Important dates:

November 2016 intake:

- University applications by: 1 September 2016
- Scholarship applications by: 1 October 2016

February 2017 intake:

- University applications by: 30 October 2016
- Scholarship applications by: 30 November 2016

All scholarship applications should be sent to **scholarships@enz.govt.nz**

Successful candidates will be informed individually.

Foreword by Grahame Morton

Grahame Morton
High Commissioner to India,
Sri Lanka, Bangladesh and Nepal

New Zealand and India enjoy a long standing and a very positive relationship. We share a Commonwealth heritage, legal system, English as business language, democratic relations and a shared passion for the sport of cricket. New Zealand is home to over 150,000 people of Indian origin (4% of total population), with Hindi as the fourth most spoken language.

New Zealand places a strong emphasis on education. We pride ourselves on an education system which nurtures creativity and innovation; which celebrates independent thinking and problem solving and which inculcates in students a culture of learning and team work.

India is our second largest source market for international students. New Zealand campuses recorded 20,227 Indian students in 2014, which was more than 50 percent greater than 2013. The growth story continued in 2015 with total student visas to December of 21,093 (2015 enrolment statistics awaited).

To encourage ambitious and capable Indian students to choose New Zealand as their higher education destination, Education New Zealand and New Zealand Universities have come together to announce the New Zealand Excellence Awards 2016. These Awards offer an outstanding opportunity for Indian students to experience world class New Zealand education, while developing life-long people to people links right across the globe and enjoying all that New Zealand has to offer. A New Zealand experience offers cultural understanding and economic opportunities worldwide.

My best wishes to you all as you enter an exciting new era of learning that will benefit both our countries.

Message from Grant McPherson

Grant McPherson
Chief Executive
Education New Zealand

It is with great pleasure that Education New Zealand launches the New Zealand Excellence Awards, which provide an exclusive opportunity for India's top scholars to study at our world renowned universities. India and New Zealand share a strong history of educational and sporting excellence, and these Awards cement New Zealand's position as a premier destination for Indian undergraduate and graduate students.

New Zealand offers a world-class education to Indian students. All eight New Zealand universities are ranked in the top 3% globally, with each having specialist faculties and subjects in the top 100. New Zealand universities attract talent from around the world, and are conducting globally relevant research and development.

A New Zealand education experience broadens your perspective by studying alongside people from over 180 countries that have chosen New Zealand as their study destination. Our education offers access to influential people, thus helping build global contacts which set you up for a truly international career.

The kaupapa (values) of New Zealand are to embrace visitors with an open mind and open heart, recognising that we are all richer for the experience of knowing each other.

The New Zealand Excellence Awards recognise the highest academic and personal achievements. We are proud that New Zealand will shape the educational journey of India's future leaders who will in turn change the world through their passion, knowledge, creativity and hard work.

I wish you all the best in your application, and look forward to welcoming you to New Zealand - Nau mai, haere mai.

AUT UNIVERSITY

AUT University was established in 1895 and has transitioned from an excellent polytechnic to become a world ranked university. AUT is accredited by the New Zealand Government and globally competitive. Our teaching, research and community work integrate the most contemporary thinking, and are focused on fields within:

- Culture and Society
- Business and Law
- Design and Creative Technologies
- Health and Environmental Sciences
- Māori Development

Established relationships with employers and professionals make the teaching and research relevant to current and future industry, which accounts for our high graduate employment rate.

Based in Auckland New Zealand with three well- positioned campuses – one central city, one on the North Shore across the Auckland Harbour Bridge and one in Manukau, South Auckland. Auckland is ranked third equal in the world's top cities to live and work in and is the commercial capital, with all the qualities of an international city.

AUT University

Private Bag 92006, Auckland 1142, New Zealand

www.aut.ac.nz

**Message from
Derek McCormack
Vice Chancellor
AUT University**

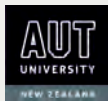

AUT is New Zealand's second largest and fastest growing university. More than 28,000 students study at our three campuses across Auckland – the country's fastest growing city. In 2016 our students were born in 140 countries.

Our diversity and international outlook has led to global recognition – we are ranked in the top 3% of the world's universities in the QS World University Rankings, and ranked 12th in the world for internationalisation by Times Higher Education.

We look forward to welcoming the recipients of the New Zealand Excellence Awards to our collaborative and innovative university environment within the beautiful multicultural city of Auckland.

LINCOLN UNIVERSITY

Established in 1878, Lincoln University has been a key contributor to the primary industries that sit at the core interests of New Zealand's economy. Ranked in the top 400 in the world, and the top 100 in agriculture and forestry (QS Rankings), we are the only specialist land-based university in New Zealand.

The University's qualifications range from certificate level through to PhD - and our teaching and research covers all activity associated with the land-based sectors to meet the needs of not only New Zealand but also the world.

Small class sizes, practical work, relevant field trips, highly connected to industry for research collaboration and commercialisation, student exchange opportunities with international universities, are a few good reasons why you should choose Lincoln University.

**Message from
Professor Robin Pollard
Vice Chancellor
Lincoln University**

Welcome to Lincoln University!

As New Zealand's only specialist land-based university, join us to become part of our mission to solve some of the world's biggest problems: how to feed the world, protect its future, and to help people live well. In doing so, you are setting yourself up for a career with a worthy future and skills in demand the world over.

For more than 135 years, Lincoln has focused on discovery, learning and sharing about the land. We will equip you with the knowledge, skills and confidence you will need to start your career. You will study in an environment where the activities of tomorrow are being invented and discussed here today.

MASSEY UNIVERSITY

With a tradition of academic excellence, Massey University is New Zealand's truly national university. Massey has nearly 18,000 students enrolled on three main campuses, and approximately 17,000 national and worldwide distance learning (extramural) students.

Located in Wellington, New Zealand's capital, Massey University's College of Creative Arts, founded in 1886, offers Bachelors, Postgraduate Diploma, Masters and PhD level study in Industrial, Visual Communications, Textiles, Fashion, and Spatial Design, as well as Photography, Fine Arts, Creative Media Production and Commercial Music (Practice, Technology, and Industry). The College also offers undergraduate and postgraduate study in Māori Visual Arts in Palmerston North.

**Message from
Hon Steve Maharey
Vice Chancellor
Massey University**

Welcome to Massey University – Te Kunenga Kī Pūrehuroa

Massey has major campuses in Wellington, Palmerston North and Auckland. We provide quality distance and on-line education throughout New Zealand. Over 4,500 international students study with us each year and we provide education and research in some twenty nations around the world.

We are delighted to welcome New Zealand Excellence Awards students from India. Massey has many areas of academic specialization, particularly in the College of Creative Arts – Toi Rauwhārangī, where students can study Design, Fine Arts, Creative Media Production, Commercial Music and Māori Visual Arts. What you learn at Massey will take you anywhere in the world.

I wish you an enjoyable and productive time at Massey University.

UNIVERSITY OF CANTERBURY

A history of academic excellence

The University of Canterbury was established in 1873 and is New Zealand's second oldest university. Since its establishment, UC has produced graduates who have gone on to become world leaders in their fields. UC is committed to continuing this tradition of excellence and to developing tomorrow's leaders.

Outstanding international academics

UC has a number of field leading academics on staff and is enhanced by a number of outstanding international professors, lecturers and researchers who visit each year on our staff exchange programmes. You may be taught by academic staff from the universities of Oxford or Cambridge as well as other top universities.

UC's Erskine Programme attracts up to 75 distinguished, international academic visitors each year to give lectures in their specialist areas. Previous Erskine Fellows having included two Nobel Prize winners - Emeritus Professor Clive Granger and Professor Bob Grubbs.

University of Canterbury**

I am delighted that you are exploring what the University of Canterbury has to offer international students. I believe that, as a study destination, our combination of world-recognised academic qualifications, wonderful natural environment, and great student lifestyle has few equals anywhere in the world.

In 2015, Times Higher Education named UC as the 22nd best university in the world for internationalisation (the highest in New Zealand), citing UC's student body, its ability to attract staff from around the globe and the volume of collaborative international research projects.

Whether you are an undergraduate seeking a first qualification, or a postgraduate wanting to push the boundaries of knowledge in your discipline, I am sure you will find what you are looking for at UC.

UNIVERSITY OF OTAGO

The University of Otago is New Zealand's oldest university, founded in 1869. Otago's main campus is in Dunedin (population 121,000) with further campuses for medical and health sciences in Christchurch and Wellington. Most Dunedin-based students can live in residential colleges or flats/apartments within walking distance of the campus and central city shopping. Fifteen residential colleges provide a supportive environment for students in their first year of study.

Otago has a five star plus international quality rating for internationalisation (QS Stars) and is ranked in the top 200 universities in the world on the QS World University Rankings. In the 2016 QS subject rankings Otago has 13 subjects in the top 100, including Dentistry (12th), Psychology (38th), Archaeology, Anthropology, Business & Management Studies, Development Studies, Earth & Marine Sciences, Education, English Language & Literature, Geography, History, Law, and Performing Arts.

**Message from
Professor Harlene Hayne
Vice Chancellor
University of Otago**

The University of Otago is thrilled to support the New Zealand Excellence Awards for India. We already have many Indian students enrolled in our PhD programmes, and in receipt of Otago scholarship assistance. These Excellence Awards will provide additional opportunities for new students to study selected bachelors' and masters' programmes at Otago. All students who choose Otago enjoy our very high standard of teaching and research combined with an outstanding living environment. Otago has recently been granted the maximum possible Five Stars + quality rating from international ranking organisation QS stars in recognition of the high calibre of our teaching, research, innovation, facilities, internationalisation and inclusiveness and of the employability of our graduates. I look forward to welcoming you to one of our Otago campuses in New Zealand.

UNIVERSITY OF WAIKATO

NEW ZEALAND

University of Waikato is a reflection of New Zealand culture. We are ambitious, innovative thinkers that let little get in the way of achieving big dreams. The University of Waikato is a truly global and innovative university in the heart of New Zealand and our focus is on the future.

Our teaching style provides theoretical knowledge alongside practical learning. More than 2000 students in 2015 participated in industry experiences through internships, work-placements and case-studies with industry partners.

- 2015 QS Subject Rankings – twelve of our subjects were ranked among the top 250.
- Times Higher Education ranks the University of Waikato 68th out of 100 "most international" universities in the world.
- 2013 International Student Barometer - More than 90% of our students were satisfied with their experience and 82% of respondents said they would recommend our University to others.
- The survey also ranked the University of Waikato 11th in the world for careers office support.

Waikato Management School is a member of an elite group of business schools worldwide that have earned "Triple Crown" status.

**Message from
Professor Neil Quigley
Vice Chancellor
University of Waikato**

Kia ora koutou katoa, welcome to the University of Waikato. I extend a special welcome to all new students. This University holds a special place in the New Zealand university system, it was created by the demands of the local community in 1964. Since its inception it has shown a commitment to innovation and to serving the needs of the community. A strong sense of community is something you will find distinctive to the University of Waikato, and we work hard to make sure the needs of our students are met and exceeded. Students and staff alike are involved in several clubs, groups and community activities on campus and I urge you to explore the variety of activities available to you to make the most of your Waikato experience.

Please allow 4-6 weeks to receive offer of place from universities

Why New Zealand

NEW ZEALAND HAS A WORLD CLASS EDUCATION SYSTEM

New Zealand has a world class tertiary education system - overall, New Zealand's education system is among the best in the world. All eight of New Zealand's universities are ranked in the top 3% in the world by QS World University Rankings. A range of subjects taught at universities rank in the top 50 in the world.

AN INTERNATIONAL EDUCATION IN NEW ZEALAND STANDS OUT FROM THE CROWD

New Zealand really stands out from the crowd compared to other international education destinations. As well as being specialists in areas such as agriculture, engineering and animation, the country's tertiary education system offers niche courses which have good career prospects including media and design, sports management, hospitality, adventure tourism, aviation and cyber security.

NEW ZEALAND PRODUCES WORK-READY GRADUATES

One of New Zealand's biggest strengths is its focus on producing work-ready graduates. Internships and industry placements are a common feature in courses. Students graduate equipped with the internationally recognised skills, qualifications and experience to either start their own ventures or enter the workforce in India, New Zealand or anywhere else in the world.

THERE ARE GOOD EMPLOYMENT OPPORTUNITIES IN NEW ZEALAND

There are a number of industries experiencing skills shortages at the moment, most notably in information technology and engineering. If a graduate gains employment in one of the occupations in demand they may qualify for a 'Work to Residence' visa. Christchurch, one of the biggest cities in New Zealand, is experiencing an economic boom as a result of

the New Zealand government investing over INR 200,000 Cr. in rebuilding its second largest city. The scale of the rebuild programme provides a wide range of education and employment opportunities in the region.

WORK RIGHTS FOR INTERNATIONAL STUDENTS

In 2013, the Government introduced a package of new initiatives to encourage further growth in New Zealand's international education sector. Under these changes, some students studying full-time are now allowed to work during all of their scheduled course breaks (rather than just summer), doctoral and research masters students are able to work full-time, and English-language students are allowed to work part-time during their study.

Working whilst studying allows students to gain invaluable industry experience before they graduate, preparing them for the job market.

INNOVATIVE TEACHING TECHNIQUES

The New Zealand education system encourages creative thinking and teaching techniques that reach far beyond traditional rote learning. Our innovative approach to learning and esteemed qualifications are highly valued by the world's business and community leaders.

STUDENT SAFETY AND PASTORAL CARE

New Zealand is the most peaceful English-speaking country in the world. The 2014 Global Peace Index, which compares 162 countries for safety and the risk of personal violence, ranks New Zealand the fourth most peaceful country in the world.

New Zealand was the first country in the world to launch the Code of Pastoral Care for international students. Any institution which has international students has to be a signatory to the Code. This sets out standards of care education providers must provide to

international students living and studying in New Zealand.

WELCOMING

New Zealand is a very diverse and welcoming country, where Indian festivals like Diwali and Holi are celebrated across most educational campuses throughout New Zealand. Hindi is the fourth most commonly spoken language in New Zealand.

According to HSBC's Expat Explorer report of 2014 out of 34 countries, New Zealand ranked first for ease of settling into the local community.
